2013-14 MONTHLY FINANCIAL REPORT

AS OF
May 31, 2014

June 24, 2014

Cottonwood Heights

The Honorable Mayor and Members of the City Council:

The monthly financial report for the 2013-2014 year, month ending May 31, 2014 is presented for your review and comment.

General Fund – Revenue

Real Property Taxes – Annual property tax collections have been completed through the end of December, 2013. As additional reconciliations and delinquent taxes are collected in 2014 they are added.

Sales Tax Collections – Collections for the city occur two months behind the merchant's collection. Our collections are up five percent year over year, currently more than $177,000 than prior year collections to date. We have estimated that the final collections should be more than $5,170,000, a 3.17% increase over the prior fiscal year.

E911 Emergency Fees – The City continues to receive a part of the E911 revenues generated on telephones within the City boundaries.

Fee-In-Lieu of Property Taxes – Current collections made in 2014 will be deferred into fiscal 2015.

Franchise Taxes (Cable TV) – This revenue source reports and pays on a quarterly basis and this revenue continues to average increases of four percent year over year. This year's estimate is that we will collect slightly more than $300,000 through June30, 2014.

Transient Room Tax Collections – This tax collection is reported by entities on the same schedule as general sales tax reporting.

Licenses and Permits –Business Licensing' activity is on target. Building permits have exceeded current year budgets. Road Cuts revenues are billed monthly along with over the counter payments. Animal licensing collections are entering their sixth year.

Intergovernmental Revenues – Class C road funds are paid bi-monthly and are now complete for the fiscal year, with an increase of 2.07 percent over last year. Liquor Funds are distributed once a year in December. Other Federal Grants (CDBG) are reimbursed to the City as expenses are submitted for funding.

Charges for Service – Zoning revenues have exceeded expectation for the year. This includes the first year of a change in billings for annual inspections of short term rentals as part of their annual business licensing coming at the beginning of the fiscal year.

Fines and Forfeitures – Primary revenues from tickets processed through Holladay Justice court are reconciled and collected quarterly.

Miscellaneous/Interest – The interest earnings on our PTIF account with the State Treasurer is split among General Fund and Capital Projects Fund and other designated fund balances. Total earnings in all funds in the PTIF for the fiscal year are $41,555 and are mostly credited to Capital Projects Fund balance.

General Fund – Expenditures

General Government – All department expenditures are within budgeted amounts. Some departments have large annual expenditures during the first period of the year.

Public Safety - The Public Safety department includes police, fire and ordinance enforcement. The police department is within budget year to date. The fire department is billed quarterly and reflects payments for services through June 30th. Ordinance Enforcement is within budget.

Highways & Public Improvements – Public Works expenditures are within budget. Impact Fee Programs include both Storm Water and Transportation fee projects, which have been transferred to Capital Projects Fund. The Class C Road program budget is primarily for street lighting, water and the Salt Lake County Public Works roads contract.

Community and Economic Development – All department expenditures are within budget.

Debt Service - The City has a capital lease for leased public safety vehicles. Interest on this debt is accrued to the fiscal year in which it was earned. On June 30, 2014 additional interest for the current fiscal year will be added.

General Fund - Other Financing Sources and Uses

Unrestricted General Fund Balance Appropriated – This budgeted balance has been budgeted at $903,678 from fiscal year 2013 fund balance.

Appropriated Beg Balances – Class C Road funds' carried forward from the prior year is $68,799.

Transfers - Transfers to the Capital Projects fund are budgeted and primarily expended at year-end when available funds are known. The budgeted transfer to Capital Projects is now budgeted at $806,816.

General Fund – Fund Balance

Fund Balance - The Beginning Balance of Unrestricted and Unassigned funds for fiscal year 2014 is $1,685,932. In addition, the Unrestricted Assigned General Fund Balance will be a 6.0 percent reserve to $899,412. Of the Unrestricted and Unassigned General Funds

$903,678 has been appropriated. The balance of Unrestricted and Unassigned General Funds is estimated at $782,254.

Capital Projects – Revenue

Revenue - The City has received a large Utah legislative grant for Capital Projects. Additional local grant revenues are expected from Salt Lake County. Interest calculations are based on the PTIF earnings rate at the State of Utah Treasurer's Pool account for the City.

Capital Projects - Expenditures

General Government –This budget includes $23,272,063 for projects and engineering. This is a significant increase due to the recent sales tax revenue bond issued to start construction on the City Municipal Center. Various other projects are itemized as line items in this report.

Capital Projects – Other Financing Sources / Uses

Transfers from General Fund – The budgeted transfer of $806,816 from the General Fund will be made when annual revenues and expenditures are known and available funds are known, as well as the Class C road fund balance of $68,799 and actual impact fee revenues.

Impact Fees - Impact fee collections are collected with building permits and are increased with the increase in construction activity. This includes both storm water and transportation impact fees. This revenue was transferred to Capital Projects Fund this year.

Beginning Fund Balances – The current amount of $4,442,279 represents the prior year's ending fund balance appropriated. All budgeted capital projects funding that were unspent in fiscal year 2014 will be reviewed and re-appropriated though budget amendments in 2015 along with any additional unspent funds from completed projects. Restricted Storm Drain Impact Fee Funds from fiscal year 2013 are $9,169.

Employee Benefits Fund – an Internal Service Fund

The purpose of this fund is to pay as you go with regards to employee's accrued benefits. This report shows the total balance in the PTO liability account and any uses during the reporting period. The year-end calculated amount of the potential future liability for lump sum payouts has been funded. By doing so the City should never find itself with an unexpected or unfunded employee benefit liability. This was funded $65,054 in FY 2013 based on actual accrued employee PTO (Personal Time

Off) and is budgeted to receive an additional $104,371 funding at year-end, but this annual amount may be reduced in the future when additional actual needs are reassessed. Current funded liability balance is $316,031.

Community Events & Activity Summary

This report is a compilation of various activities that are tracked to collect data by project or activity. The amounts shown are as of the date of the report.

Sincerely,

Steve Fawcett
Finance Director
Cottonwood Heights
